Dear members at post 55, this is Boris from boy's state. I would like to thank you for sponsoring me, for the ~~an~~ opportunity of attending boys state. So far this once in a life time experience has taught me everything to know about state government. I am currently in the house of representatives, and am in the federalist party. Tomorrow we will be visiting the capital and using the chambers. Over all the experience has been great and I will visit the post when I get back from my summer trip. Thank you again for this experience.

Post 55,

I want to sincerely thank you for the opportunity to represent you at Florida Boys State. I have been assigned to a fantastic group of guys who I have become very close with. My party, The Nationalists, have also become very close as well. Last night we won the gubernatorial vote, and it was the hardest I've cheered in a very long time. I have also been elected to the Senate which I am very proud of. The Capitol building is beautiful and it is awe-inspiring to sit in the place where Florida's legislature is created. What I will miss most though, when I arrive home, is the fiery debate that is so prevalent in our Senate. Every proposed act has its enemy

Minute plan analyzed and discussed.
90% of the time they pass only by
2-3 votes. I thrive in this sort of
environment, and I will miss waking up
in the morning, looking forward to being
as ^{as} integrative as possible.

Thank you so much for this
opportunity.

Dear Post 55,

Thank you for the opportunity to participate in Boys state. This has been an amazing experience, even when it is tedious and tiring. I have made connections and friendships with like-minded individuals from all corners of Florida. I was skeptical at first as to whether or not I would enjoy this week, but I now understand why this is such a highly esteemed program. I have made friends and learned lessons that I will have for the rest of my life. Thank you for entrusting me to represent your post.
